Subject: Thanks!

Good morning, Mike and David.

Thanks for meeting with me and Steve on Friday. We realize you're very busy and appreciate the generosity with your time as well as your openness. The meeting was very helpful for us to better understand the aquifer exemption approval process at the federal level and the key issues being resolved by the state. As discussed, we'll let you know if we hear any misinformation/misunderstanding of the federal process among operators. We look forward to seeing you at the workshop down here next week.

Best Regards,

Jonathan P. Lilien, D.Env.
